

Direct Indexing and Tax-Loss Harvesting Capabilities

Through our automated direct indexing and tax-loss harvesting capabilities, our clients have greater control and flexibility within replicated index portfolios, potentially enhancing returns by offsetting capital gains tax through the strategic selling of securities at a loss.

Direct indexing allows our clients to customize a portfolio comprising of individual securities that align with specific goals, values, or strategies.

How It Works

Using an investment loss to lower your capital-gains tax

Guided by the principles of education, value, and partnership, Simplicity Wealth is a comprehensive wealth management platform that specializes in providing independent financial advisors, and by extension their clients, with holistic financial planning solutions. Led by a team of credentialed professionals, Simplicity Wealth delivers institutional-level investing and sophisticated technologies to help investors minimize risk and maximize potential return of their household portfolio. Simplicity Wealth was formed in 2019 as an operating company of Simplicity Group. For more information about Simplicity Wealth, please visit www.simplicitywealth.com.

Investing involves risk, including the potential loss of principal. No investment strategy, such as asset allocation or diversification, can guarantee a profit or protect against loss in periods of declining values. All investment strategies involve risk and have the potential for profit or loss. Changes in investment strategies, contributions or withdrawals, and economic conditions may materially affect the performance of your portfolio. There are no assurances that a portfolio will match or outperform any particular benchmark. Investors should carefully consider the investment objectives, risks, fees and expenses before investing. For this and other important information please obtain the investment company fund prospectus and disclosure documents from your Advisor. Read this information carefully before investing.
